OUR ONE HUNDRETH BIRTHDAY YEAR

EDITORS UPDATE

Hi Everyone,

We are now moving into winter mode. We have one more studio evening and then we move to weekend daytime activities. We have booked next year's annual exhibition at Nature in Art which will be from Sunday 24th August till 6th Sunday 7th September 2025. Book this in your Diary now. We also have another exhibition at Lower Slaughter 9th-18th June.

Some of our members enjoy coming to events but struggle with transport. Can anyone offer a lift to members who live close to you? I am thinking of Tewksbury and Stroud areas, in particular. If you want to contact me or any other committee member to ask for help or volunteer, please come forward.

In January and February, we intend to use Nature in Art again to have get togethers.

For the first one we would like to have a bring and buy of art materials. Have you got art things you don't use anymore or have excess. I know I have some things left by my father that are still in their wrappings. Brushes and pencils galore, watercolour paper. For example. I know of a few members who have bought things for a lesson and then found it was not for them, so they are taking up space at home.

In February we could have a demonstration or bring your own project and work on it in a friendly atmosphere, have a drink or snack from the coffee shop and if you've got a problem with a piece of work, chat with the others to see if they can help you.

NEWS

Please let us know if there is something you are involved in that you think might interest other members. Last year we had a winter competition. Would you like to do that again?

We could have a wider subject this year so that people can use their own area. Please let me know. We can also advertise events for you through our social media and website.

Don't forget that we have a new website and 2 social media platforms. If you want to add a feature, telling us about what you are doing or show your work, please contact Michael Butler on GSAedit@icloud.com

N.B. Please note we cannot guarantee photographs cannot be copied by others viewing the website.

DIARY OF EVENTS /STUDIO EVENINGS

November 18th John Steed A member of Gloucester Contemporary Artists. He will be talking about what they do, and he is bringing his wife who works in glass. They will both show examples of their work.

There will be no studio evenings this winter as we agreed last year, but we will be running some of our Saturday sessions if you want them. Please contact me at rosegow51@gmail.com with your ideas.
